

THE MOST **BRILLIANT** PERFORMER JUST GOT...

Introducing the

**CYBERLIGHT® SV**

The automated luminaire with  
the highest photonic output  
now offers a 75% reduction  
in sonic emission.

Visually stunning,  
but aurally subtle.

**CYBERLIGHT® SV**

Perfect for intimate  
theatrical performances,  
smaller musical venues,  
television studio sets, or  
wherever sound levels need  
to be controlled—the  
CYBERLIGHT SV combines  
brilliant performance with  
near silent operation.

To maximize your creativity  
with Cyberlight, call today  
for your free copy of High End  
Systems' **Optical Design  
Accessories** brochure  
featuring LithoPatterns™  
high resolution glass gobos.
